Senator Wants Burden of traffic bill which was introduced at Proof to Rest on Driver in Injury Cases.

The movement in the Senate to strengthen the traffic laws of the District of Columbia advanced a step further yesterday with the introduction of a drastic bill by Senator Fletcher of Florida.

whenever an automobile accident occurs in which a person is injured, the burden of proof shall be upon the driver of the motor vehicle. Careless or reckless driving on his part must be assumed unless he is able of the births and deaths of the year in the province totalled 16,565, a net increase of 2,435 over the previous year and a record for the province. The birth rate per thousand of population was 27.72.

to show negligence on the part of the person injured.

Senator Fletcher succeeded in having his bill referred to the judiciary committee, although Senator Wesley Jones thought it should go to the District of Columbia committee. A number of Democratic Senators, including Senators Underwood, Ashurst and Fletcher, intend to continue the agitation against reckless automobile driv-ing in Washington. They will probably make an effort to revise the Eno the last session of Congress by Sena

tor Frelinghuysen.
If this bill proves unacceptable to members of the District committee, they will frame one of their own in the effort to obtain action.

Congressman Frear Avers Patents Worth Millions Sold for Paltry Sum After War.

Attorney General Daugherty is re quested to bring suit to set aside sales of patents of chemical dyes made by the alien property custodian to the Chemical Foundations Company and to recover from the Foundation moneys received by it, under a reso-lution introduced in the House yesterday by Congressman Frear, Wiscon-

"The official record of hearings be-fore the Ways and Means Committee property custodians to the Chemical Foundation Company.

"That said sale was conceived and arranged by Francis P. Garvin, Jo-seph Choate and Ramsey Heguet, officials of the bureau of investigation of such custodians' office;

"That these officials are also re spectively, the president, attorney and patent advisory of the Chemical Foundation and at the same time were in charge of alien patents in the Government office.

"And that such sale was made for a consideration of \$250,000 when the property was easily worth \$10,000,

The resolution provides that the attorney general be requested to begin legal proceedings to set aside such sale "because of fraud" and that he be further requested to recover from the Chemical Foundation all licenses, fees and royalties or other receipts over and above the amount of consideration actually paid by such company as the purchase price of said
